BIG News On The APA Front!

APA is awarded a \$50B contract

We are proud to announce our selection as the Prime Contractor for the Department of the Navy's Next Generation SeaPort (SeaPort-NxG) Multiple Award Contract (MAC). SeaPort-NxG is a potential 10-year, \$50B and is the Navy's electronic platform for acquiring support services in 23 separate areas that include Engineering Support Services, Software Engineering, Research and Development, Program Management Support Services, Financial Analysis and Budget Support, Information System (IS) Development, Information Assurance (IA), and Information Technology (IT) Support. This contract award is especially exciting for us and allows us an opportunity to continue our significant work at a Department of the Navy and NAVSEA.

APA is supporting The Department of Veterans Affairs, Strategic Acquisition Center, Veteran Enterprise Contracting for Transformation and Operational Readiness (VECTOR) as a Sub- Contractor. This is a Multiple Award, IDIQ contract that provides business and management support to the VA.

A Note From Our President

Greetings and Happy New Year!

We have made it through another year and 2019 will be an exciting one! With our most recent award of SeaPort-NxG, we expect not only a busy year, but a successful one shared with our partners, and exceptional team of APA employees. It has truly been a blessing to see how APA has progressed this past year and to see the journey that lies ahead. Along with CACI, and others, APA has provided support to various areas within the Program Executive Office Littoral Combat Ships (PEO LCS) contract, which helped in the successful delivery of eight LCS ships and accomplishment of five LCS ships that are deployment ready. Of course, nothing comes easy and there may a few bumps in the road however, with the foundation of a great team, we can only continue to succeed.

Thanks to all for all your hard work and look forward to what 2019 brings.

Keep Pressing!!!
